

# ADVENTURE RACE

Storm Adventure Race requires the use of canoes, with a maximum of 2 racers per canoe (except family category teams). Kayaks, SUPs, surf skis, etc. are not permitted. If teams choose to not rent a canoe from the race organization OR if there are no rentals available for your preferred course, teams may provide their own or make their own rental arrangements. Teams may be required to drop their canoes at a designated location and pickup post-race. Storm Adventure Race assumes no responsibility for private canoes.

NOTE: Teams are required to provide their own paddles, PFDs and emergency kit (Buoyant Heaving Line, Bailing Device, Whistle), as per the mandatory gear list.

## Ontario Private Canoe Rental Options
